## Lucellino Doppio LED

### Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>fabricant</b>	Ingo Maurer
<b>concepteur</b>	Ingo Maurer
<b>année</b>	2018
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>aptitude de tension</b>	110 - 240 Volt
<b>matériel</b>	Ailes en plumes d'oie, métal
<b>atténuation</b>	dimmerable sur place avec commande gradateur de phase inverse
<b>base/version</b>	E27
<b>LED</b>	y compris
<b>Indice de rendu des couleurs</b>	>90
<b>La température de couleur en Kelvin</b>	Dim to warm
<b>canopée Dimensions</b>	15 cm
<b>remplacement des ampoules :</b>	sur le site meme
<b>Les performances du système</b>	2 x 5 Watt
<b>Flux lumineux total en LM</b>	760

### Description

The Ingo Maurer Lucellino Doppio LED has two light arms. Each lamp arm is equipped with an LED illuminant with a power of 5 watts. On the sockets of the LED bulbs are attached wings made of real goose feathers, which make this lamp something very special. Goose feathers are the trademark of the popular Ingo Maurer Lucellino collection. The name of the lamp is a mixture of "Luce", which means "light" in Italian, and "uccelino", which means "little bird" in Italian. This lamp can be mounted on the ceiling or on the wall. The transformer is integrated in the wall / ceiling mounting. On-site dimming is possible. When dimmed, the Dim to warm technology changes the light colour of the lamp to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
