### Description

The Catellani & Smith Turciu 36 is a ceiling lamp with 36 arms. Each arm is individually mouldable, allowing the light distribution to be changed at any time. The height of the lamp depends on how the lamp arms are bent. This lamp is available with two surfaces for the arms: brass or nickel-plated. The ceiling canopy is made of satin metal in both versions. The lamp arms have different lengths. Seven of these arms are 75 cm long, ten 100 cm long, nine 125 cm long, the other 10 arms are 150 cm long. The ceiling light is operated with interchangeable LED retrofit lamps.
