### Description

The Catellani & Smith Fil de Fer IP65 Pendant is a pendant lamp suitable for outdoor use. It has a protection class of IP65, which protects it against water jets from any angle and makes it also dust-tight. The lamp is made of aluminum wire and has the shape of a sphere. It is offered in different sizes: with a diameter of 50 cm, 70 cm or 100 cm. Depending on the diameter, the pendant light is operated with eight, sixteen or 20 low-voltage LEDs. The LEDs are interchangeable. The canopy has a diameter of 21 cm as well as a height of 10.5 cm. The cable of the pendant lamp has a maximum length of 400 cm and can be shortened if necessary.
