

Anglepoise

Original 1227 Brass Desk Lamp

Oberfläche

- noir
- bleu
- gris

Technical details

Pays de fabrication	 Royaume-Uni
fabricant	Anglepoise
concepteur	George Carwardine
année	2014
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
Projection en cm	72
matériel	aluminium, Fonte, laiton, Textile
longueur de câble	200 cm
atténuation	dimmerable sur place
base/version	E27
Transférabilité	sur la conduire
Puissance (max. Watt)	20 Watt
LED	y compris
Diamètre de l'ombre	14 cm
Hauteur de Abat	16 cm
Pied de lampe dimensions	longueur 15, largeur 15 cm
remplacement des ampoules :	sur le site meme
répartition de la lumière	directement
Dimensions	H 59 cm

Description

The Anglepoise Original 1227 Brass Desk Lamp is a desk lamp with brass elements. Both the lamp shade and the lamp arms are made of aluminum. Thanks to proven tension spring technology, the lamp arms can be readjusted again and again. Cause of this, they keep every adjusted position. This tension spring technology was developed by industrial designer George Carwardine as early as 1935 for the first Original 1227 Desk Lamp, and is still used today in many lamps made by the British manufacturer. The lamp shade of the Original 1227 Brass Desk Lamp can be swivelled and rotated. This table lamp is available in jet black, ink blue and elephant grey. The lamp shade, the lamp arms and the lamp base are then all in this surface. The lamp shade is glossy lacquered in every version. The base is made of cast iron with a glossy steel cover. An on/off switch is integrated on the cable. Compact fluorescent lamps or LED retrofit are suitable as light sources.
