

Nyta

Tilt S Brass

Kabellänge

- 300 cm
- 500 cm

Technical details

Pays de fabrication	 Allemagne
fabricant	Nyta
concepteur	jjoo design
année	2014
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
Diamètre en cm	18
matériel	laiton
couleur de câble	noir
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place
base/version	E14
Puissance (max. Watt)	46 Watt
canopée Dimensions	12 cm, hauteur 9 cm
répartition de la lumière	directement
Dimensions	H 16 cm Ø 18 cm

Description

The Nyta Tilt S Brass is a pendant lamp with a lamp shade made of solid brass. The brass is polished on the outside and brushed on the inside. The pendant lamp can be repositioned again and again because its shade can be tilted or rotated along an elongated opening. It can be tilted by a maximum of 110 degrees and rotated by 360 degrees. A self-fixing suspension ensures a firm hold of the lamp. The canopy and the textile cable are black. The cable is available in lengths of 300 cm or 500 cm. It can be shortened if necessary. The Tilt S Brass can be operated with halogen lamps or LED retrofit light sources. The pendant lamp has already won numerous design awards.

The elaborate manufacturing process of the Tilt S Brass combines traditional craftsmanship with modern technology. The contour of the shade is cut out with a 3D laser. The surfaces of the shade are then polished, brushed and sealed. The use of the genuine, warm material brass creates an outstanding brilliance of the Brass lamps from Nyta.
