<b>Dimensions</b>	H 34 cm   Ø 16 cm

### Description

The Nyta Pretty Long pendant lamp emits its light directly downwards as a narrow cone. It has a diameter of 16.4 cm and a height of 33.7 cm. The lamp is available in black glossy, black matt, white glossy and white matt. All versions are made of steel and, depending on the choice of surface, either glossy or matt lacquered. These shades are made from a single piece of steel in an elaborate craftsmanship process. The both black versions have black cables and canopies. The two white versions are supplied with white cables and canopies. The cables are each up to 300 cm long and can be shortened if necessary. On request, the lamp is also available with 500 cm long cables. The pendant lamp can be dimmed on site and can be operated with LED retrofit lamps or halogen lamps.
