

Vistosi

Bolle PL G

Oberfläche

- transparent
- blanc

Technical details

Pays de fabrication	 Italie
fabricant	Vistosi
concepteur	Barbara Maggiolo
année	2003
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
matériel	cristal verre, métal
atténuation	dimmerable sur place
base/version	E27
Puissance (max. Watt)	77 Watt
Diamètre de l'ombre	25 cm
Dimensions	H 30 cm

Description

The Vistosi Bolle PL G is a ceiling lamp with a shade made of mouth-blown crystal glass. The balaton technique is used for the processing, whereby air bubbles are enclosed into the glass for a special texture. This texture multiplies the reflections on the surface of the shade and creates a halo effect on the ceiling around the lamp. The Bolle PL G ceiling lamp is available in crystal transparent and white. The metal parts of the lamp are satin nickel-plated in both versions. This light can be operated also with E27 LED retrofit lamps.
