Description

The Holtkötter 9614 floor lamp can be adjusted in height from 102 cm up to 136 cm. Its reflector can be swivelled with a practical handle. The lamp arm has several joints so that it can be re-aligned again and again. A replaceable LED with a colour temperature of 2,700 Kelvin extra warm white is built into the reflector. The floor lamp is regulated by a push button dimmer at the top of the light rod. A memory function saves the last brightness level set and selects it again the next time it is switched on. The 9614 from Holtkötter has nickel-plated matt, fume matt and brass surfaces. High-quality metal is specially refined for production. In the brass version, one part of the lamp is polished brass and the other matt lacquered.
