<b>Flux lumineux en lm</b>	4.000
<b>La température de couleur en Kelvin</b>	2.800 blanc chaud
<b>Pied de lampe dimensions</b>	25 cm
<b>Dimensions</b>	H 185 cm

### Description

The Cini & Nils Passepartout floor lamp emits its light upwards as a ceiling floodlight. This lamp is offered in the following versions for ring: white matt, black matt, chrome polished and gold polished. The light rod in the black and white version has the same surface as the ring. The LED support element on the ring is here in diamond-cut aluminum. In the chrome version, on the other hand, the lamp rod is in satin-finished steel and the LED support element in diamond-cut aluminum. In the gold version, the lamp rod and LED support element are both in matt brass. The Passepartout floor lamp is regulated by a sensor dimmer on the light rod. By moving in front of the sensor, the lamp is switched. The floor lamp is dimmed by holding the hand in front of the sensor.
