Technical details

Pays de fabrication	 Allemagne
fabricant	Serien Lighting
concepteur	Jean Marc da Costa
année	2020
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
matériel	aluminium
surface	noir
atténuation	gradable avec variateur à coupure de phase et à commande de phase
Puissance en Watt	33 W
LED	y compris
Indice de rendu de couleurs	>90
Flux lumineux en lm	3.910
La température de couleur en Kelvin	Dim to warm
remplacement des ampoules :	sur le site meme
Dimensions	H 45 cm B 20 cm L 20 cm

Description

This Serien Lighting Reflex2 Ceiling S450 is a ceiling lamp with a rounded frame structure made of aluminum in black. The light is emitted from the lamp onto a prismatic reflector and distributed from there into the room absolutely glare-free. The reflector is available in matt white, gold, silver or white. The selected colour of the reflector creates a different lighting mood in each case.

Thanks to the dim to warm function, the Reflex2 Ceiling S450 imitates the pleasant dimming behaviour of classic incandescent lamps. When dimmed down, the light not only becomes darker but also changes its colour temperature from 2,200 Kelvin extra warm white to 3,000 Kelvin warm white. On request, the lamp is also available with 2,700 Kelvin extra warm white, 3,000 Kelvin warm white, DALI, 1-10 Volt or with Casambi module.
