### Description

The Serien Lighting Drum Ceiling S Short ceiling lamp has a height of 13 cm and a diameter of 16 cm. The Drum Ceiling S Short is available in different versions: with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. With the Dim to warm function, the dimming behaviour of classic incandescent lamps, which is perceived as pleasant, is imitated when dimming. When dimmed down, the light not only becomes darker but also changes its colour temperature. The colour temperature changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed.
