

Serien Lighting

Curling Suspension Rope Acryl clear / cylindric opal S

Farbtemperatur in Kelvin

- Dim to warm
- 2.700 extra blanc chaud
- 3.000 blanc chaud

Technical details

Pays de fabrication	 Allemagne
fabricant	Serien Lighting
concepteur	Jean-Marc da Costa und Manfred Wolf
année	2020
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
matériel	aluminium, verre acrylique
réglage de la hauteur	hauteur déterminée
atténuation	gradable avec variateur à coupure de phase et à commande de phase
Puissance en Watt	11 W
LED	y compris
Indice de rendu des couleurs	>97
canopée Dimensions	8 cm
Diamètre de l'ombre	16 cm
Hauteur de Abat	6 cm
remplacement des ampoules :	sur le site meme
hauteur totale	15 - 195 cm

Description

The Serien Lighting Curling Suspension Rope Acryl clear / cylindrical opal S can be individually configured in its total height between 15 cm and 195 cm during installation. This Curling suspension lamp has a shade made of clear acrylic glass and a cylindrical reflector. The light is directed downwards and softly diffused all around by the reflector.

The pendant light Curling Suspension Rope Acryl clear / cylindrical opal S is available with a colour temperature of 2.700 Kelvin extra warm white, 3.000 Kelvin warm white or with Dim to warm function. The version with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is perceived as pleasant. Here, when dimmed down, the light not only becomes darker but also changes its colour temperature. Thus, the colour temperature changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed. The Curling acrylic lamp with steel cables is also available with a lamp shade that has a diameter of 22 cm.
