

Knapstein

ELSA-L

Oberfläche

- laiton
- nickel

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
Projection en cm	57
matériel	laiton, verre
atténuation	Gradateur tactile sur le bâton de lampe et gradateur tactile sur la tête de lampe
LED	y compris
Indice de rendu des couleurs	>90
La température de couleur en Kelvin	2.700 extra blanc chaud
Pied de lampe dimensions	28 cm
Les performances du système	1 x 28 Watt + 1 x 8,5 Watt
Flux lumineux total en LM	5.215
Dimensions	H 185 cm

Description

The Knapstein ELSA-L emits light upwards as a ceiling floodlight. The floor lamp also has a rotating and swivelling reading arm that can be realigned at any time. A further joint allows the lamp head on the reading arm to be swivelled independently of the arm. The uplight of the ceiling floodlight and the light of the lamp head can be switched separately and dimmed continuously via two push button dimmers. The push button dimmer for the uplight is integrated on the light rod. The push button dimmer for the light head is located on the head itself. The ELSA-L is available in the surfaces brass matt and nickel matt. The uplight has an opal, matt white glass. The floor lamp from Knapstein is also offered without reading arm.
