### Description

The Knapstein LILO-T 1 table lamp has a cylindrical lamp shade made of high-quality white chintz. It is adjustable in height between 65.5 cm and 72 cm. Its jointed lamp arm can be repositioned again and again. The light is emitted downwards and upwards by two bulbs in the shade and diffusely into the room through the shade. A pull switch is used to switch the table lamp on and off. A dimmer is integrated on the supply line.

The LILO-T 1 from Knapstein is available in brass matt, brass polished matt and nickel-chrome. The brass polished matt version is partly polished and partly matt lacquered. The cylindrical lamp shade made of white chintz is 24 cm high and has a diameter of 40 cm.
