Disc Pendant

Aufhängung

- noir
- cuivre
- argent

Technical details

Pays de fabrication	 Tchéquie
fabricant	Bomma
concepteur	Olgoj Chorchoj Studio
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
Diamètre en cm	55
matériel	cristal verre, métal, Textile
couleur de câble	noir
longueur de câble	250 cm
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place
base/version	E27
Puissance (max. Watt)	13 Watt
LED	y compris
canopée Dimensions	14 cm
couleur du verre	clair
remplacement des ampoules :	sur le site meme
Dimensions	H 45 cm Ø 55 cm

Description

The Bomma Disc Pendant has a mouth-blown, clear glass with a diameter of 50 cm. Including its suspension, it has a height of 44.5 cm. Each glass is made of crystal glass and is mouth-blown in individual production, therefore small bubbles or irregularities in the glass can occur. The Disc pendant lamp is offered with a metal suspension in silver nickel or black powder-coated. The canopy and the lamp socket are delivered in the matching colour of the suspension. The cable has a maximum length of 250 cm and can be shortened if necessary. Special lengths for the cable are also available on request. The lamp is operated with a replaceable E27 LED retrofit.

The light is emitted homogeneously in all directions with this pendant lamp with clear glass, whereby light reflections are partially created on the glass. Bomma also offers the Disc Pendant Metal from the series with a glass that is half covered with metal.
