

Bomma

Orbital Table

Glasfarbe

- noir
- blanc
- clair
- rose

Version

- or
- argent

Technical details

Pays de fabrication	 Tchèque
fabricant	Bomma
concepteur	Studio deFORM
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
matériel	acier Inoxydable, cristal verre, Textile
couleur de câble	noir
longueur de câble	180 cm
atténuation	dimmerable sur place
base/version	E27
Transférabilité	sur la conduire
Puissance (max. Watt)	13 Watt
LED	y compris
Diamètre de l'ombre	36 cm
remplacement des ampoules :	sur le site meme
Dimensions	H 43,5 cm B 25 cm

Description

The Bomma Orbital Table consists of two outer glasses and a ring-shaped middle part as well as a lamp base made of stainless steel. The two glasses are made individually from mouth-blown crystal glass. Small bubbles and irregularities in the glass are a characteristic feature of traditional glassblowing. During the manufacturing process, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly durable. As each glass is made individually, it is unique, so that the colour shade and intensity can vary.

With the Orbital Table, one glass is always clear, the other glass is offered in the colours polaris white, mercury black, venus pink and clear. The base of the lamp is available in silver or patinated gold. The middle part of the lamp has the same surface as the base. The Orbital table lamp has an E27 socket that can be operated with a replaceable Globe LED Retrofit.
