## Orbital Table

### Glasfarbe

- rose
- noir
- blanc
- clair

### Version

- or
- argent

## Technical details

<b>Pays de fabrication</b>	 Tchèque
<b>fabricant</b>	Bomma
<b>concepteur</b>	Studio deFORM
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED 230 Volt
<b>aptitude de tension</b>	110 - 240 Volt
<b>matériel</b>	acier Inoxydable, cristal verre, Textile
<b>couleur de câble</b>	noir
<b>longueur de câble</b>	180 cm
<b>atténuation</b>	dimmerable sur place
<b>base/version</b>	E27
<b>Transférabilité</b>	sur la conduire
<b>Puissance (max. Watt)</b>	13 Watt
<b>LED</b>	y compris
<b>Diamètre de l'ombre</b>	36 cm
<b>remplacement des ampoules :</b>	sur le site meme
<b>Dimensions</b>	H 43,5 cm   B 25 cm

## Description

The Bomma Orbital Table consists of two outer glasses and a ring-shaped middle part as well as a lamp base made of stainless steel. The two glasses are made individually from mouth-blown crystal glass. Small bubbles and irregularities in the glass are a characteristic feature of traditional glassblowing. During the manufacturing process, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly durable. As each glass is made individually, it is unique, so that the colour shade and intensity can vary.

With the Orbital Table, one glass is always clear, the other glass is offered in the colours polaris white, mercury black, venus pink and clear. The base of the lamp is available in silver or patinated gold. The middle part of the lamp has the same surface as the base. The Orbital table lamp has an E27 socket that can be operated with a replaceable Globe LED Retrofit.
