couleur de câble	noir
longueur de câble	250 cm
réglage de la hauteur	hauteur déterminée
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	17,9 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	2.680
La température de couleur en Kelvin	2.700 extra blanc chaud
canopée Dimensions	27 cm
Dimensions	H 79 cm Ø 30 cm

Description

This Bomma Pebbles Pendant Small consists of four differently shaped glasses. In this pendant lamp, three of the four glasses are always in the same colour combination. The third glass from the top is offered in the versions red or light grey. The other glasses always have these colours:

- the top glass is light grey
- the second from the top is green
- the lowest glass is black.

If desired, the four glasses of the lamp can also be arranged in a different order. Each glass is made individually from mouth-blown crystal glass. With traditional glassblowing, small bubbles or irregularities may appear in the glass, these are signs of craftsmanship. During the production process, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly durable. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable has a maximum length of 250 cm and can be shortened if necessary. On request, the lamp is also available with other cable lengths. The Pebbles pendant lamp is also offered by Bomma in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
