### Description

This Bomma Pebbles Floor Large consists of four differently shaped glasses. Three of the four glasses of this floor lamp are always in the same colour combination. The second glass from the top is offered in the versions black or red. The other glasses always have these colours:

- the top glass is light grey
- the third glass from the top is white
- the lowest glass is black.

The four glasses of the lamp can also be arranged in a different order on the lamp rod if desired. Each glass is individually made of mouth-blown crystal glass. With traditional glass blowing, small bubbles or irregularities may possibly appear in the glass, these are signs of craftsmanship. Clear crystal glass is mixed with coloured glass during production to make the glass colour particularly durable. Each glass is individually hand-finished, so the colour intensity and tone can vary.

The lamp base and the lamp rod are powder-coated in matt black. Bomma also offers the Pebbles floor lamp in other colour and shape combinations of the glasses. In addition, on request it is possible to put together a lamp with any colour combination.
