Santo Tablo

Version

- aluminium
- bronze
- noir
- blanc

Technical details

Pays de fabrication	 Allemagne
fabricant	LDM
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	chrome, aluminium
angle du faisceau	124 degrés
atténuation	capteur gradateur à la tête de la lumière
Puissance en Watt	14,5 W
LED	y compris
Indice de rendu des couleurs	>95
Flux lumineux en lm	600
La température de couleur en Kelvin	2.850 blanc chaud
Pied de lampe dimensions	21 cm
tête de luminaire masse	longueur 55 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	H 58 cm

Description

The LDM Santo Tablo is a table lamp with an adjustable lamp head and a height of total 58 cm. The lamp head has a length of 55 cm and can be swivelled by 180 degrees at the joint and rotated by 350 degrees. This allows the light to be directed exactly where it is needed. For adjustment, there is a practical handle on the lamp head. In addition, the height of the lamp head can be individually adjusted along the lamp rod.

The Santo Tablo is available in polished aluminum and powder-coated in bronze, white matt and black matt. The lamp head is delivered in the chosen finish. The lamp rod is always in polished chrome and the base in polished aluminum. A special design element is the external spiral cable which allows to flexibly adapt to any desired height.

The Santo table lamp has an integrated LED with a colour temperature of 2,850 Kelvin warm white. A sensor dimmer is located on the top of the lamp head, with which the lamp can be switched and dimmed without touching it. The light is switched on or off with a wiping hand movement over the sensor. To dim the light, the longer hand is held directly over the sensor.
