Description

The Maigrau Luca Little consists of a three-legged solid oak wooden frame and a textile lampshade that surrounds the light source. The Luca Little is powered by a 160 cm long supply line with cord dimmer. The rubber cable can be integrated into the wooden frame so that it is not visible from the outside. This table lamp has an E27 socket and can be operated with an LED retrofit. The diffuse, glare-free light is emitted through the textile lampshade, which ends with a screen at the top. The lampshade of the Maigrau Luca Little has a diameter of 32 cm and is 23.5 cm high. The total height of this table lamp by the German manufacturer Maigrau is 51 cm. The Luca Little is available in different surfaces and shade colours: The lampshade is offered in white and bronze-grey, the lamp base in the surfaces natural oak and smoked oak. On request, the lampshade is also available in felt with an acoustic, sound-absorbing effect.
