LARAwood Ceiling Lamp L

Oberfläche

- noyer
- Chêne noir
- Chêne blanc

Technical details

Pays de fabrication	 Allemagne
fabricant	Domus
année	2012
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
Diamètre en cm	55
matériel	aluminium, bois, verre acrylique
atténuation	dimmerable sur place avec commande gradateur de phase inverse
Puissance en Watt	25 W
LED	y compris
Indice de rendu des couleurs	>92
Flux lumineux en lm	3.100
La température de couleur en Kelvin	2.700 extra blanc chaud
Dimensions	H 15 cm Ø 55 cm

Description

The successful combination of high-quality materials and uncomplicated design allows for use in project, office and private areas for the Domus LARAwood Ceiling Lamp L. The light-intensive LED ceiling lamp, whose ring-shaped lampshade seems to float on the ceiling due to a thumb-width distance, also provides ceiling illumination thanks to its open construction. The diffuser, which is deliberately placed high, makes the material used inside directly tangible and ensures an optimal diffusion of the light. The LARAwood ceiling light L by the German manufacturer Domus has a diameter of 55 cm and is 15 cm high. This dimmable ceiling light is equipped with an LED module with a power of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. This LED ceiling light is available in walnut, black oak and white oak finishes.
