Description

The Domus Pheb 5 Pendant Lamp visually follows the maxim "less is more". The slim, cylindrical lamp skilfully combines solid wood and metal. The far-recessed reflector ensures a particularly soft, glare-free light distribution and the narrow, wooden design element gives the light an additional warm radiance.

The Pheb 5 Pendant Lamp is available in the surfaces silver bronze anodised, white matt powder-coated and black anodised. The design element made of wood at the lower part of the lamp is available in oak and walnut. The lamp is 17 cm high and has a diameter of 6 cm. When mounted, the Pheb 5 Pendant Lamp can be individually suspended in its total height. A powerful, dimmable LED with a colour temperature of 2,700 Kelvin extra warm white is included as illuminant. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92.
