

Catellani & Smith

Ettorino F

Oberfläche

- noir
- multicolore
- blanc

Technical details

Pays de fabrication	 Italie
fabricant	Catellani & Smith
concepteur	Enzo Catellani
année	2022
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
Projection en cm	73
matériel	aluminium, métal
atténuation	Touchez gradateurs sur le bâton de lumière
Puissance en Watt	10 W
LED	y compris
Indice de rendu des couleurs	80
Flux lumineux en lm	1.440
La température de couleur en Kelvin	2.700 extra blanc chaud
Pied de lampe dimensions	longueur 25, largeur 25 cm
remplacement des ampoules :	sur le site meme
Dimensions	H 103 - 165 cm

Description

The Catellani & Smith Ettorino F floor lamp can be flexibly oriented. This allows the light to be directed exactly where it is needed. The lamp arm has a projection of 73 cm and can be individually tilted. Via a joint on the upper part of the lamp rod, the lamp arm can additionally be rotated 350 degrees around its own axis. The lamp head of the Ettorino F can be rotated and tilted. Depending on how the floor lamp is oriented, the lamp head has a height between 103 cm and 165 cm. Thanks to a patented process, the lamp always retains the set position.

The Ettorino F is available in the surfaces white, black and multicoloured. On the lamp arm, the floor lamp has a small, red, human figure as a design element. The lamp can be switched and dimmed continuously via a push button dimmer on the lamp rod. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white.
