- sand

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
année	2024
Profondeur en cm	8,5
Diamètre en cm	40
matériel	Acryl, Metall
atténuation	gradable avec variateur à coupure de phase et à commande de phase
Puissance en Watt	39 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	4338
La température de couleur en Kelvin	2.700 blanc chaud extra
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
Dimensions	Ø 40 cm

Description

The Knapstein ASTRA-40 has a curved metal cover with freely combinable outer structures. This metal cover is placed on a magnet attached to the mounting plate. By turning the cover on the magnet, the distance between the cover and the wall or ceiling can be changed by up to approx. 35 mm at any time, making it easy to customise the light outlet. The LED lamp offers an almost loss-free and glare-free light emission and allows flexible brightness control. The Knapstein ASTRA-40 emits indirect light, has a diameter of 40 cm and is 8.5 cm deep. This lamp can be mounted on the wall or ceiling. It is also possible to connect several ASTRA lamps together if an overlap is desired. The Knapstein ASTRA-40 is available in several surfaces and freely combinable external structures.
