

Knapstein

ZERA-2 with acrylic cover

Oberfläche

- nickel
- noir
- bronze

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
année	2024
matériel	Acryl, Metall
réglage de la hauteur	réglable en hauteur
atténuation	controle gestuel
Puissance en Watt	4x12 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	5096
La température de couleur en Kelvin	Dim to warm
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
baldaquin	70 x 5,5 x 5,5 cm
hauteur totale	70 - 170 cm
Dimensions	L 70 cm

Description

The Knapstein ZERA-2 is characterised by its exceptional functionality. The LED pendant lamp emits its light upwards and downwards at the same time. Using gesture control (Knapstein Dynamic White), the uplight and downlight of the two luminaire bodies can be switched and dimmed separately. The light colour can be adjusted separately for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The Knapstein ZERA-2 has a synchronisation function (master/follower light control) for coordinating the light intensity and light colour of all light sources on one side of the luminaire. The Knapstein ZERA-2 is switched on or off with a swiping hand movement in the sensor area of the left or right lamp body. To change the light intensity, the hand is held longer in the sensor area. The desired light colour can then be set by holding the hand in the sensor area for a longer period again. The two lamp bodies of the lamp have a white acrylic cover with a visible edge at the side. The height of the light can be continuously adjusted from approx. 70 cm to 170 cm using the built-in lift height adjustment. Thanks to two lifts per luminaire body, the individual luminaire bodies can be precisely positioned in height - even on sloping ceilings. The ceiling canopy of the Knapstein ZERA-2 LED pendant lamp has a magnetic holder, so no external screw connections are visible. This pendant lamp is available in different surfaces.
