Omschrijving

The Ingo Maurer YAYAHO Element 6 lamp is tensioned by two safety clips into the YAYAHO low-voltage lighting system. The reflector is rotatable and also horizontally adjustable on the ropes of the lighting system. The illuminant of the element 6 is surrounded by a natural-coloured cover. The cable system of the manufacturer Ingo Maurer can be stretched from the ceiling and even around corners. The length of the system can be extended by using insulating fittings. The transformer used in the lighting system is equipped with an electronic power monitoring Watch Tronic and a thermal fuse of Ingo Maurer.
