### Omschrijving

The Foscarini Chouchin 2 is one of the three Chouchin lights that the designer Ionna Vautrin designed and Foscarini has launched for the first time in 2011. The green diffuser consists of blown glass and the light shines directly down from it. The supplied cable and the corresponding rope suspension can help to a maximum suspension of 340 cm of light. In deeper areas, the cable can be shortened as required. This lamp contains an exchangeable LED retrofit lamp.
