### Omschrijving

The Foscarini Caboche Plus Parete Piccola is a wall lamp with a width of 31 cm. It is 19 cm high and has a depth of 17.5 cm. The diffuser of the Caboche Plus Parete Piccola consists of small, transparent polymethyl methacrylate spheres and illuminates every room magnificently. The zigzag shape of the brackets diffuses the light to the maximum without shielding it. The Caboche wall lamp is offered with a diffuser in the colours transparent or grey.

The interior shade of the lamp is made of satin-finished, mouth-blown glass and provides glare-free room lighting. The lamp has an R7s socket that is operated with a replaceable LED retrofit.
