

Byok

Nastrino wall lamp

Oberfläche

- mat aluminium
- matzwart

Technical details

Land van fabricage	 Duitsland
fabrikant	Byok
ontwerper	Kai Byok
bescherming	IP20
Omvang van de levering	LED
Projectie in cm	55
materiaal	aluminium
kabellengte	300 cm
dimmen	gebarencontrole
LED	vervangen door professionele
Kleurweergave-index	90
Kleurtemperatuur in Kelvin	Dim to warm
prestaties van het systeem	2 x 3,6 Watt
Totale lichtstroom in lm	610
lichtverdeling	direct
Dimensions	H 60 cm

Omschrijving

The Byok Nastrino wall lamp is equipped with high-quality LED technics, combined with two dazzle-free light zones, to create the ideal working light. This is underlined by the well designed joint technics. Due to the sophisticated joint technique of the Nastrino family, it can be adjusted in a variety of ways, thus aligning the light exactly there, where it is needed.

The design consists of simple ground aluminium profiles. Different surfaces are on offer: matt aluminum and matt alu black. The Nastrino wall lamp ensure ideal light whether it is mounted beside the couch or the chair as an efficient reading light or in the office next to the desk. It is dimmed with gesture control. During dimming thanks to the Dim2Warm technology, the light takes on a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
