Omschrijving

The Drop 1 small designed by Next is a ceiling lamp out of the Liquid Light series. The Drop 1 small is the smaller version of the Drop 1 with its height of 40 cm. The lamp melts into the room like a tough liquid. Its design forms an extraordinary symbiosis of light and water. The soft composition of light provides the room with a pleasant atmosphere. There are different versions of pendant lamps, floor lamps, table lamps and wall lamps out of the Liquid Light series on offer.
