Omschrijving

The Foscarini Aplomb Mini is a smaller version of the pendant lamp of this series. The lamp shade emits direct, glare-free light. This lamp is available in the surfaces white, grey, anthracite and brown. As the material for the Aplomb Mini, concrete is used that is poured in the liquid state in a mold. The diffuser with a diameter of 12 cm hangs on a 330 cm long cable which can be set individually in its length during assembly. In the white lamp, the ceiling canopy is in white, as well as the cable. For the other lamps, the cable and the canopy are in black.
