### Omschrijving

The Catellani & Smith Lucenera 506 Terra is one 140 cm high floor lamp with a reflector, which has a tilting joint. With this tilting joint, the reflector can be moved at any time at will. This floor lamp is available with a black reflector in heat-resistant carbon fiber or with a white Technofiber reflector. Both the lamp body and the lamp base are each supplied in the same colour as the reflector. Both versions are regulated with a dimmer on the supply line. The light beam angle can be adjusted by moving the lamp in the reflector.
