

# Serien Lighting

## App

### Farbtemperatur in Kelvin

- 2.700 extra warm wit
- 3.000 warm wit

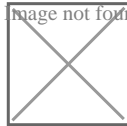

### Leuchtmittelabdeckung

- Opal
- costilla
- grijs
- Kristal van het ijs
- Pyramid
- spiegel
- fluorescerende Green
- honingraat

## Technical details

### Land van fabricage

Image not found or type unknown

### fabrikant

Serien Lighting

### ontwerper

Formfjord

### bescherming

IP20

### Omvang van de levering

LED

### voltage geschiktheid

230 - 240 Volt

### Diepte in cm

7

### materiaal

acrylglas, aluminium, polycarbonaat

### dimmen

dimbaar met fase- en fase-afsnijding en fase-regelingsdimmer

### Wattage

16 W

### Kleurweergave-index

>90

### bulb vervangen:

ter plaatse zelf

### verlichtingsbehuizing

aluminium

### Dimensions

H 17 cm | B 17 cm

## Omschrijving

The Serien Lighting App wall lamp has a reduced square shape. For the front surface, different versions are offered as illuminant cover: with ribbed surface, opal white, honeycomb, pyramid, grey, fluorescent green, ice crystal or mirrored surface. On request, the wall lamp is also available with an individual print on the front. The choice of front surface has no influence on the room light itself, as the front surface is opaque. Whether in a row, graphic or deliberately free arrangement - App is suitable for multifunctional use.

The light is emitted symmetrically upwards and downwards by the App wall lamp. Part of the light is also diffused to the side. The light source is an integrated LED, which is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. The lamp can be dimmed on site with a trailing edge and / or leading edge phase dimmer. On request, the App wall light is also available as a DALI dimmable version. This requires a 5-wire mains cable.
