Original 1227 Lamp with Desk Clamp

Oberfläche

- chroom
- zwart
- grijs
- wit

Technical details

Land van fabricage	 Verenigd Koninkrijk
fabrikant	Anglepoise
ontwerper	George Carwardine
jaar	1935
bescherming	IP20
Omvang van de levering	LED 230 Volt
voltage geschiktheid	110 - 240 Volt
Projectie in cm	72
materiaal	aluminium, het smelten, textiel
kabellengte	200 cm
dimmen	dimbaar op locatie
base/versie	E27
schakelbaarheid	aan de lijn
Vermogen (max. Watt)	20 Watt
LED	inclusief
Schaduw diameter	16 cm
schermhoogte	14 cm
bulb vervangen:	ter plaatse zelf
lichtverdeling	direct
Dimensions	H 49 cm

Omschrijving

The Anglepoise Original 1227 Lamp with Desk Clamp can be mounted on tables and shelves. The clamp is suitable for tables with a thickness of 1 cm to 6 cm. As with many other Anglepoise lamps, this lamp also has the tension spring technology developed by George Carwardine, which allows the articulated arm to be readjusted at any time. Thanks to this tension spring technology, the clamp lamp retains every set position. The lamp shade can be individually rotated and tilted. The Original 1227 Lamp with Desk Clamp is available in jet black, dove grey, linen white and bright chrome. The articulated arm and lamp shade are made of aluminum, the clamp made of cast iron. By using an additional neat cable clamp, the on/off switch on the supply line can be attached anywhere on the articulated arm of the lamp. Both compact fluorescent lamps and LED retrofit are suitable as light sources. A table base in the matching surface is included in the scope of delivery.
