### Omschrijving

The lamp shade of the Vistosi Bot SP 45 consists of white, mouth-blown crystal glass. The oval shade has a diameter of 45 cm and a height of 16 cm. The light is emitted by this pendant lamp both directly downwards and into the room. The Bot SP 45 is available in two versions: as an E27 lamp and as a LED lamp. The E27 lamp is equipped with LED retrofit bulbs. The two LED lamps are operated with an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. One LED lamp is dimmable with a trailing edge phase dimmer. On request, both LED lamps are also available with 3,000 Kelvin warm white. Both LED lamps have a metal suspension in matt white, the E27 lamp in glossy white.

The cable of the Bot SP 45 pendant lamp can be shortened if required. With the three ceiling hooks supplied, the pendant lamp can also be mounted independently of the power outlet.
