Omschrijving

The Cini & Nils Assolo 43 pendant lamp has a diameter of 43 cm. The light is emitted by an LED on the inside of the ring and is therefore reflected by the inside, resulting in a play of light and shadow on the lamp itself and the surroundings. The lamp is available in white, black and matt gold. The cables with a maximum length of 400 cm can be shortened if required. An LED with a colour temperature of 2,800 Kelvin warm white is included as a light source. The LED can be dimmed on site with a trailing edge phase dimmer and can also be dimmed via Bluetooth using a smartphone / tablet with an optionally available Casambi module.
