Omschrijving

The Foscarini Tobia Terra floor lamp emits its light upwards in a wide light cone. If necessary, the lamp can be lifted by the handle and moved to another position. The lamp is made of aluminum and metal. It is available in white, black, neon orange, neon yellow or gold lacquered surfaces. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as the light source. A touch dimmer above the handle allows the Tobia Terra to be switched and dimmed in four steps.
