### Omschrijving

The Foscarini Le Soleil Sospensione LED is a pendant lamp with a lamp shade made of several layers. The light is emitted both glare-free through the shade into the room and directly downwards. When switched on, light effects are created on the layers of the lamp shade. The lamp is in white. The standard cable has a length of 320 cm and can be shortened if necessary. On request, the pendant lamp is also offered with a longer cable.

This Le Soleil Sospensione is operated with an integrated LED. The pendant lamp is available in a non-dimmable version and a DALI dimmable version. The DALI dimmable version can also be dimmed with Push. A pendant lamp with E27 and GU10 sockets is also part of the lighting series, which can be operated with halogen lamps or LED retrofits.
