Omschrijving

The Domus LARAFelt Pendant Lamp M grey can be individually suspended in total height when installed. It emits its light mainly downwards. Upwards, the light is dimmed for the most part. The shade of the LARAFelt Pendant Lamp is covered with grey wool felt. The view into the inside of the lamp is particularly beautiful, where the wool felt is shown to advantage by the low diffuser. This pendant lamp is available in the inner shade colours wool white, orange and curry. From the LARAFelt series, also lamps are available with a lamp shade in red felt (shade inside colour wool white) or indigo coloured felt (shade inside colour cinnamon).

A dimmable, powerful LED with a colour temperature of 2,700 Kelvin extra warm white is included. The integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. Besides this lamp, Domus also offers LARAFelt pendant lamps in other sizes.
