

Knapstein

FARA-132

Oberfläche

- nikkel
- zwart
- bronzen

Technical details

Land van fabricage	 Duitsland
fabrikant	Knapstein
ontwerper	Knapstein
jaar	2022
bescherming	IP20
Omvang van de levering	LED
voltage geschiktheid	230 - 240 Volt
materiaal	metaal
hoogteverstelling	hoogte verstelbaar
dimmen	gebarencontrole
Wattage	62 W
LED	inclusief
Kleurweergave-index	>90
Lichtstroom in lm	7.440
Kleurtemperatuur in Kelvin	2.200 - 3.000 instelbaar
luifel Dimensions	Lengte 60 cm, hoogte 6 cm
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	73 - 180 cm
Dimensions	H 6,5 cm B 1,4 cm L 132 cm

Omschrijving

The Knapstein FARA-132 is a pendant lamp with a length of 132 cm. The total height of the lamp can be adjusted at any time between 73 cm and 180 cm by lifting or pulling the lamp. The lamp can also be mounted at an angle. The FARA-132 pendant lamp emits its light upwards and downwards at the same time. By gesture control, the uplight and the downlight can be switched separately and dimmed continuously. In addition, the light colour for the uplight and downlight can be adjusted separately to a warmer tone via gesture control (from the colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via memory function and automatically reset the next time the lamp is switched on.

The sensor area of the gesture control is located centrally at the top and bottom of the lamp. The lamp is switched on or off with a wiping hand movement in the sensor area. To dim the light, the hand must be held in the sensor area for a longer period of time. After the dimming process is finished, the lamp flickers briefly. By holding the hand in the sensor area again for a longer period of time, the desired light colour can also be set. The FARA-132 is available from Knapstein with a nickel matt, black or bronze effect finish. The series also includes lamps with a length of 92 cm, 112 cm and 152 cm. On request, FARA is also available in other lengths or finishes.
