Technical details

Kraj produkcji	 Niemcy
producent	Ingo Maurer
projektant	Moritz Waldemeyer & Ingo Maurer
ochrona	IP20
zakres dostawy	Leuchtmittel
napięcie przydatność	110 - 240 Volt
tworzywo	aluminium, metal
regulacja wysokości	wysokość ustalona
ściemnianie	zintegrowany przycisk ściemniacza
LED	łącznie
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
wydajność systemu	6 x 0,6 Watt (12 x 128 LEDs) + 2 x LED 7 Watt
dystrybucja światła	światło pokoju
Dimensions	B 40 cm L 114 cm

Opis

The Ingo Maurer Flying Flames Set 2 has LED candle elements. These are made of boards whose light is reminiscent of burning candles. LED in the form of two displays with 128 LEDs each with a total of 0.6 watts are integrated as light source. The Flying Flames Set 2 contains six of these LED candle elements in either black, white or red as well as two black or chrome downlights. The elements and the downlights are fixed with magnets to a canopy measuring 114 x 40 cm. The canopy is approximately 5 cm high.

The elements have a height of 43 cm and a width of 3 cm. Via a touch dimmer integrated on the board, the elements can be individually dimmed continuously. The downlights have a height of 12 cm and can be switched and dimmed via a touch dimmer. A memory function saves the last dimming setting for the downlight. The cables of the elements are 200 cm long, the cables of the downlights 250 cm. The cables are height determinable.

The Flying Flames pendant light is also available in other sets as well as on request as a combinable variant, in which different canopies and a different number of elements and downlights are offered. The lamp is also available as a single pendant lamp One New Flame.
