

Ingo Maurer

Lucellino Doppio LED

Technical details

Kraj produkcji	 Niemcy
producent	Ingo Maurer
projektant	Ingo Maurer
rok	2018
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	110 - 240 Volt
tworzywo	metal, Skrzydła z piór gęsi
ściemnianie	ściemnialna kontroli faz przyciemniania
pedestał/wersja	E27
LED	Łącznie
Wskaźnik oddawania barw	>90
Temperatura barwowa w stopniach Kelvina	Dim to warm
baldachim Wymiary	15 cm
wymiana żarówek:	na miejscu
wydajność systemu	2 x 5 Watt
Całkowity strumień świetlny w lm	760

Opis

The Ingo Maurer Lucellino Doppio LED has two light arms. Each lamp arm is equipped with an LED illuminant with a power of 5 watts. On the sockets of the LED bulbs are attached wings made of real goose feathers, which make this lamp something very special. Goose feathers are the trademark of the popular Ingo Maurer Lucellino collection. The name of the lamp is a mixture of "Luce", which means "light" in Italian, and "uccellino", which means "little bird" in Italian. This lamp can be mounted on the ceiling or on the wall. The transformer is integrated in the wall / ceiling mounting. On-site dimming is possible. When dimmed, the Dim to warm technology changes the light colour of the lamp to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
