Opis

Die Stilnovo Tablet S is a thin ceiling light with direct swivel support for great flexibility. Thanks to its 350° controllable light orientation, the light can be directed in all directions or limited to defined areas. The aluminum frame is available in white or black finish, adapting to the colours that dominate the space to be lit. The light emitted by topLED sources is shielded by a polycarbonate diffuser and partially reflected by the lower surface of the ceiling lamp, which elegantly frames it.
