Opis

The Stilnovo Mongolfier P3 pendant lamp is characterized by refined lightness of enveloping lines. An organic structure that wraps around itself, until it takes on the contours of an open circular shape. The name evokes visual lightness. Available in black painted metal, rose gold and black nickel finish. A modern pendant lamp perfect for lighting a dining table or living room, its vintage hints are also ideal for creating the right atmosphere in a restaurant or bistro.

The brand new Warm Tune technology, through its cutting-edge LEDs, evokes the old incandescent lamps. The lower the intensity, the warmer and softer the light, until a candle effect is reached. The arrayLED source and the study of the dedicated optical units ensure unprecedented visual comfort, a perfectly clean light cone and a high colour rendering index (CRI92): the same characteristics are found when the lamp is set both at the maximum intensity, with a 3,000 Kelvin colour temperature, and at the minimum intensity, with a 1,800 Kelvin colour temperature. With an optionally available Casambi module, this pendant lamp can also be dimmed via a smartphone app.
