

Catellani & Smith

Ciclotalia F

Technical details

Kraj produkcji	 Włochy
producent	Catellani & Smith
projektant	Enzo Catellani
rok	2018
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	110 - 240 Volt
tworzywo	mosiądz, szkło
ściemnianie	wbudowane ściemniacze
Moc w watach	5 W
LED	łącznie
Wskaźnik oddawania barw	80
Strumień świetlny w lm	600
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
świeczniku Wymiary	długość 21, szerokość 21 cm
wymiana żarówek:	u producenta / w fabryce
Dimensions	H 140 cm

Opis

The Catellani & Smith Ciclotalia F is a floor lamp with joints at the lamp head and at the lamp base, over which the lamp can be adjusted again and again. The floor lamp is completely made of untreated brass, which can change over time and cause an intended oxidation effect. The light of the LED light source is bundled by a frosted glass lens. The light is maximum 140 cm high and has a square base measuring 21 x 21 cm. This floor lamp can be dimmed and switched via a touch dimmer on the head. A memory function saves the last brightness level set and automatically selects it the next time the power is turned on. The design is a reinterpretation of the Ciclocina lamp series created by Enzo Catellani in 1989.
