

Arturo_Alvarez

Aimei

Technical details

Kraj produkcji	 Hiszpania
producent	Arturo_Alvarez
projektant	Arturo Alvarez
rok	2019
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
tworzywo	drewno, stal, szkło
kolor przewodu	przezroczysty
regulacja wysokości	wysokość ustalona
ściemnianie	ściemnialna kontroli faz przyciemniania
Moc w watach	8 W
LED	łącznie
Strumień świetlny w lm	960
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
baldachim Wymiary	12 cm
wysokość całkowita	200 cm
Dimensions	H 80 cm B 80 cm L 80 cm

Opis

The Arturo Alvarez Aimei pendant lamp is made of ash wood. Ash wood is a particularly flexible and versatile material. By means of handcrafted processes, curved and durable surfaces can be produced using this resistant and high-quality material. A spherical glass diffuser reduces glare and spreads the emitted light homogeneously through the spaces between the wooden rods into the room. The lamp is a total of 80 cm high. It has a length and a width of 80 cm each. The pendant lamp is attached to a transparent cable. The nickel-plated steel canopy has a diameter of 12 cm. Including the suspension, the lamp has a total height of 200 cm, the cable can be shortened if required. The light source integrated in the Aimei is an LED with a colour temperature of 2,700 Kelvin extra warm white, which can be dimmed on site with a trailing edge phase dimmer. The pendant lamp is also available on request with a colour temperature of 3,000 Kelvin warm white. A DALI dimmable version is also available on request.
