Opis

The Catellani & Smith 22 Petites Lentilles pendant lamp consists of an oval shape made of untreated brass. It has a length of about 120 cm and a width of about 60 cm. This lamp has 22 exchangeable LEDs integrated, whose light is focused by lenses. In addition, an LED is integrated into the canopy, which directs its light upwards to the ceiling. The 22 Petites Lentilles pendant lamp is supplied with a Casambi dimmer, with which the lamp can be dimmed wirelessly. This means that the light can also be operated with an iPad or smartphone. The 22 LEDs in the lamp can be dimmed separately from the LED in the canopy.
