One Piece 6 LED

Oberfläche

- brąz
- szary metalik
- biały

Technical details

Kraj produkcji	 Niemcy
producent	Mawa
projektant	Martin Wallroth
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
Głębokość w cm	15
tworzywo	aluminium, szkło borokrzemowe
ściemnianie	ściemniające z przycinaniem fazy i ściemniaczem z regulacją fazy
Moc w watach	24 W
LED	zastąpione przez zawodowe
Wskaźnik oddawania barw	>90
Strumień świetlny w lm	1.533
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
dystrybucja światła	pośrednio
Dimensions	H 4 cm B 20 cm

Opis

The Mawa One Piece 6 LED is a wall lamp that emits its light upwards to the ceiling and the wall behind it. The ceiling illumination reaches evenly and deeply into the room. A cover made of borosilicate glass is integrated on the lamp, which ensures a soft light gradient. The ceiling floodlight is made from a single piece of aluminum using the folding technique. It is available in white matt, dark bronze and DB702 grey metallic surfaces. All surfaces are powder-coated. As standard, the One Piece 6 LED wall light has a colour temperature of 2700 Kelvin extra warm white. On request, it is also available with 3000 Kelvin warm white or 4000 Kelvin white. The wall lamp is dimmable on site with a leading edge or trailing edge phase dimmer. On request, it is also supplied as DALI dimmable version. The One Piece 6 LED is 14.5 cm deep and 20 cm wide.
