Opis

The Brokis Knot Small Disco smoke grey is a pendant lamp with a mouth blown glass. The lamp contains a hand-finished metal reflector which is available in brushed stainless steel, black chrome, copper, black matt and brass. The canopy has the same colour as the reflector. The Knot Small Disco has a diameter of 30 cm and a height of 14.5 cm. The special feature of the Knot lights is the cable running through the light, which is tied into a knot at the lower end of the light. An LED is integrated as the light source. On request, the pendant lamp is available as a not dimmable version. The Knot Small Disco is also available with a transparent, smoke brown or opal glass. The larger Knot Disco is also offered from this series.
